Stallion Breeding Application

2026 BOOKING APPLICATION - THIS IS NOT A CONTRACT

Additional Comments:

1. Purchaser (*Primary Owner) agrees to purchase a breeding nomination to the Standardbred stallion **HELPISONTHEWAY**.
 - a. The purchaser agrees to pay the sum of \$5,000.00 for the 2026 Service Fee to *Wiesman Farms, LLC*.
2. Each mare shall be booked specifically by name and the booking may not be transferred to another mare without prior written consent of the Syndicate Manager.
3. The contracted mare must be at least three (3) years of age in order to be booked to the stallion for purposes of embryo/ovum transfer; the Syndicate Manager shall issue only one mating certificate for the registration of the first foal born resulting from embryo/ovum transfer, regardless of the number of foals born.
4. If a mare booked to **HELPISONTHEWAY** is bred to another stallion after being bred to **HELPISONTHEWAY** the breeding contract for said mare shall be deemed null and void even if the mare delivers only one foal for that breeding season and that foal is found to be by **HELPISONTHEWAY**.
5. The Service Fee is payable when the mare produces a viable foal and/or change of ownership thereof, whichever occurs first.
6. A live foal is one that is able to stand and nurse unassisted
 - a. If the mare fails to produce a viable foal and ownership has not been transferred, a Service Fee paid in advance will be refunded upon receipt of certificate from a licensed veterinarian within 14 days, stating specifically that the mare has been pronounced barren, has slipped, or has given birth to a dead foal.
7. *Maple Lane Farm* will charge a non-refundable fee for each cover; those fees are to be collected by *Maple Lane Farm*.
 - a. All accounts pertaining to the above mare or client must be paid in full before a mating certificate will be issued
 - b. A 1.5% monthly service charge will be added to any balance over 30 days outstanding.
8. All barren mares that are accepted to be bred to **HELPISONTHEWAY** are required to undergo examination for genital tract infection and a veterinarian statement of negative culture is to be furnished to *Wiesman Farms*.
 - a. In the event that a mare has failed to become pregnant after being bred on two heat periods a statement of negative culture may be required before being bred again.
9. The opening and closing dates of the breeding season are solely determined by the Syndicate Manager.
10. In the event the Stallion is removed from *Maple Lane Farm* or in any manner becomes unfit for breeding before serving the mare, or if the mare dies or otherwise becomes unfit to be bred, this contract shall be null and void.
11. In the event this agreement is executed by an agent of the owner, authorized or otherwise, such agent hereby unconditionally guaranteed the full and prompt payment of the Service Fee, and any and all other amounts due hereunder, as well as performance of all other obligations hereunder.
12. This agreement and the application or construction thereof, shall be governed exclusively by its terms and by the laws of The Commonwealth of Pennsylvania; the Purchaser(s) agrees to submit to the jurisdiction and venue of such courts.

If a mare is switched after she has been bred to **HELPISONTHEWAY**, the booking for that mare must remain "open" to maintain the book at 140 mares. In the event of extraordinary circumstances, hence, your mare dies "after" she was bred to **HELPISONTHEWAY**. Proper documentation must be submitted to the Registration Committee at the USTA, they will then review your "Extraordinary Circumstance" and vote on whether your mare may be replaced.
 - a. This is solely the responsibly of the mare owner to acquire proper documentation for the above.
